Short info-
made by
friends or by
user (just a
fun element)

Notifications show
if new friend
request, Group
accepted request
new email form
website.....

when group
selected displays
its screen (what
ever it is :) maybe
chat,info, members
and so on)

If search empty than
displays your groups
else searches for
groups
(if already part of that
group - means can
leave or we can just
color code it)
